prepared for a dialogue to resolve the question of Jammu & Kashmir on the basis of the Shimla Agreement.

India has always believed that all differences between our two countries can and should be settled peacefully through bilateral discussions in accordance with the letter and spirit of the Shimla Agreement. Pakistan has, unfortunately, been showing diminishing commitment to this while stepping up support to terrorism and intervention in our internal affairs.

Regrettably, we also continue to hear different voices from Pakistan. We have noticed Foreign Minister Sahabzada Yakub Khan's statement in which he has said that Pakistan is keeping "all options open.". We have also seen a call and a "warning" from the so-called President of the POK People's Party, Sardar Ibrahim, to raise a one lakh strong commando force to launch an armed attack on Kashmir.

A dialogue would be purposeful and helpful only if Pakistan desists from such blatant interference and also refrains from vitiating the atmosphere. It is , therefore, imperative that a proper climate be created in which meaningful discussions can be held. For our part, we remain committed to restoring our dialogue with Pakistan so that we can biuld a friendly and cooperative relationship with this important neighbour. We are aware that the people of Pakistan, as much as the people of India, desire peace. We wish to assure the people of Pakistan that we have nothing but the friendliest of feelings towards them.
